

Ross A. Parks, MD, an Ophthalmologist with Florida Eye Clinic

Get to know Ophthalmologist Dr. Ross A. Parks, who serves patients in Kissimmee, Florida.

New York City, New York Feb 27, 2024 ([IssueWire.com](https://www.IssueWire.com)) - A trusted ophthalmologist, Dr. Parks brings a wealth of expertise and compassion to his practice in Florida. Specializing in eye and vision care, he is revered for his comprehensive approach to treating a wide array of ocular conditions, from cataracts to macular degeneration and beyond.

Back in the early days of his academic career, he earned his Bachelor of Arts degree in Economics from

Duke University, where he demonstrated exceptional academic prowess, graduating Summa Cum Laude and earning induction into the prestigious Phi Beta Kappa and Tau Beta Pi honor societies.

Driven by a passion for medicine, Dr. Parks pursued his medical degree at New York University, where he further honed his skills and knowledge in the field of ophthalmology. Following medical school, he completed a rigorous residency in ophthalmology at Emory University School of Medicine, followed by a fellowship at the renowned Anheuser-Busch Eye Institute, specializing in cornea, external disease, and refractive surgery.

Passionate about his profession, the doctor is board-certified in ophthalmology by the American Board of Ophthalmology (ABO). The ABO is an independent, non-profit organization responsible for certifying ophthalmologists in the United States of America.

Continuously advancing his efforts, Dr. Parks is an active member of esteemed organizations such as the American Society of Cataract and Refractive Surgery, the American Academy of Ophthalmology, the American Medical Association, the Florida Medical Association, the International Society of Refractive Surgery, the Orange County Medical Society and the Association for Research in Vision and Ophthalmology.

In his local area, he can be found on staff at Florida Hospital, Orlando Regional Medical Center, and Winter Park Memorial Hospital, where he continues to provide exceptional care to his patients.

Ophthalmology is a branch of medicine and surgery, which deals with the diagnosis and treatment of eye disorders. Ophthalmologists are experts in the diseases, functions, and anatomy of the eye. They may provide routine care such as vision testing, as well as prescribe and fit eyeglasses or contact lenses. However, ophthalmologists are also surgeons. They repair traumatic injuries to the eye and perform cataracts, glaucoma, and corneal surgery.

As a testament to his success, Dr. Parks has been recognized with prestigious honors, including an NIH Training Research Fellowship in cornea and refractive surgery.
