# Strategic Milestone: iConn Technologies Joins Forces with Cape Group.

**Enhancing Capabilities, Reaching New Markets - Welcome to Our Future.** 

# Irvine, California Feb 5, 2024 (<u>Issuewire.com</u>) - iConn Technologies Announces Strategic Expansion Under Cape Group, Elevating Global Technical Manufacturing Capabilities

In a significant move that redefines the landscape of technical manufacturing, iConn Technologies, under the leadership of CEO Turker Hidirlar, is thrilled to announce its recent acquisition by Cape Group, a titan in the EMS-Subassembly sector. This strategic merger heralds a new era for iConn Technologies, vastly expanding its operational and service capabilities across the globe.

### **Global Expansion and Enhanced Services**

Thanks to this partnership, iConn Technologies is now poised to extend its technical manufacturing services well beyond its traditional bases, reaching into new markets across China, Southeast Asia, Eastern Europe, and North America. This expansion grants unparalleled access to diverse manufacturing capabilities and regional expertise, ensuring iConn Technologies remains at the cutting edge of the industry.

The company's service offerings have been significantly enhanced to include a broad spectrum of technical manufacturing services:

- Die Casting: Utilizing precision engineering to craft complex, high-quality shapes suited for demanding applications.
- **CNC Machining**: Offering advanced machining for the production of intricate components with exceptional tolerances.
- Sheet Metal Stamping: Optimizing high-volume production for efficiency, quality, and durability.
- Plastic Injection: Providing state-of-the-art solutions for the manufacture of high-precision

plastic parts.

• **Electro-Mechanical Subassembly Services**: Delivering comprehensive modules that integrate various components into fully functional units.

Additionally, iConn's Virtual Manufacturing Services have expanded to encompass cable extrusion and assembly, connector manufacturing, and metal extrusion, further broadening the company's capabilities.

#### A Commitment to Innovation and Collaboration

This strategic expansion is more than just a growth in geographical reach and service capabilities; it represents iConn Technologies' unwavering commitment to innovation, quality, and collaborative success. The synergy between iConn Technologies and Cape Group sets a new benchmark in the industry, ready to tackle the challenges of today and the opportunities of tomorrow.

iConn Technologies is excited to unveil how these expanded capabilities will bolster projects and contribute to the success of its partners and stakeholders. The company looks forward to sharing more in the upcoming engagements.

# **About iConn Technologies**

iConn Technologies, now a proud member of the Cape Group, is at the forefront of engineered manufacturing solutions, specializing in a wide range of technical manufacturing services that cater to the complex needs of the global market.
