

Alison Considine, MD, MPH, a Pediatric Anesthesiologist with Woodland Anesthesiology Associates, PC

Get to know Pediatric Anesthesiologist Dr. Alison Considine, who serves patients throughout the State of Connecticut.

New York City, New York Mar 28, 2024 ([IssueWire.com](https://www.issuewire.com)) - Dr. Considine is a pediatric anesthesiologist with Woodland Anesthesiology Associates, PC in Hartford, Connecticut.

Holding several other positions within the medical community, she serves as the Director of Anesthesia

at New York Bariatric Group's Surgery Center in Stamford, an Assistant Clinical Professor in the Department of Anesthesiology at the University of Connecticut School of Medicine, and as an At Large Member of the Medical Executive Committee at Saint Mary's Hospital. Her affiliations also include Connecticut Children's Medical Center, Connecticut Surgery Center, and Saint Francis Hospital & Medical Center.

Scholastically, Dr. Considine graduated with her Bachelor of Arts Degree from Randolph-Macon Woman's College in 1998 and her Master of Public Health Degree from the Yale School of Public Health in 2000. She then went on to earn her Medical Degree from the University of Connecticut School of Medicine in 2004.

Furthering her training, Dr. Considine performed her internship in internal medicine, residency in anesthesiology, and fellowship in pediatric anesthesiology at Yale New Haven Hospital in 2005, 2008, and 2009, respectively.

Subsequent to her education, the doctor attained board certification in both anesthesiology and pediatric anesthesiology through the American Board of Anesthesiology (ABA). The ABA sets standards and exams for the accreditation of board-certified anesthesiologists coming to the end of their residency. It is one of the 24 medical specialty boards that constitutes the American Board of Medical Specialties.

Among her professional affiliations, Dr. Considine is an esteemed member of the American Society of Anesthesiologists and the Connecticut State Society of Anesthesiologists.

Anesthesiology is the medical specialty concerned with the total perioperative care of patients before, during, and after surgery. It encompasses anesthesia, intensive care medicine, critical emergency medicine, and pain medicine. Anesthesiologists have the primary responsibility of monitoring the patient's vital signs during surgery. In addition to basic measurements such as pulse, blood pressure, and temperature, they measure the patient's respiration.

When asked about the source of her success, Dr. Considine emphasizes her approach of putting herself in the patient's shoes, aiming to earn their trust and establish a connection. She expresses a genuine passion for her profession, finding fulfillment in its various facets, spanning from obstetrics to emergency medicine. Additionally, she actively contributes to charitable and philanthropic causes, notably supporting Best Buddies of Connecticut.

Engaged in teaching and public speaking roles, Dr. Considine has served as a lecturer for Saint Francis Dental Residents and as community clinical faculty for student nurse anesthetists from Fairfield, Quinnipiac, and Yale.
