

Brian R. Chisdak, MD, DMD, an Oral and Maxillofacial Surgeon with Surgical Sleep Solutions

Get to know Oral and Maxillofacial Surgeon Dr. Brian R. Chisdak, who serves patients in Bozeman, Montana.

New York City, New York Mar 20, 2024 ([IssueWire.com](https://www.IssueWire.com)) - A skilled oral and maxillofacial surgeon, Dr. Chisdak has been affiliated with Surgical Sleep Solutions in Bozeman, Montana since 2004. Committed to restoring both form and function, he traverses the intricate realms of surgical reconstruction with precision and compassion, addressing a myriad of conditions from traumatic injuries

to complex dental and facial anomalies.

At the heart of his mission lies an unwavering dedication to excellence and integrity. Grounded in evidence-based practice and scientific rigor, his decisions are guided by a profound commitment to restoring functionality and improving the quality of life for his patients. With every surgical intervention, he endeavors to leave an indelible mark, transforming lives and imbuing hope in the hearts of those he serves.

Originally from Allentown, Pennsylvania, Dr. Chisdak's journey into the realm of dentistry was ignited by familial influence and nurtured by the mentorship of a revered local oral surgeon. His academic odyssey commenced at Northwestern University, where he earned his Bachelor of Science degree in Biological Sciences. Fuelled by an insatiable thirst for knowledge, he embarked on a transformative educational voyage, earning his dental degree at the prestigious University of Pennsylvania before graduating with his medical degree from the University of Nebraska.

After completing his residency at the University of Nebraska and finding solace in the Montana landscape, he began practicing in Billings and then in Bozeman, where he now enjoys the surroundings with his wife, an obstetrician, and their two children.

Board-certified in Oral and Maxillofacial Surgery and armed with certifications in Advanced Cardiac Life Support, Dr. Chisdak is an active member of the American Association of Oral and Maxillofacial Surgeons, epitomizing his unwavering commitment to upholding the highest standards of clinical excellence.

Beyond the confines of his clinical endeavors, he assumes the mantle of leadership as the Director of the esteemed Blue Ribbon Seminars dental study group. Committed to fostering a culture of continuous learning and innovation, he spearheads initiatives aimed at providing fellow practitioners with cutting-edge insights into the ever-evolving landscape of dental science and technology. Moreover, he extends his expertise to the budding minds of tomorrow, imparting wisdom and knowledge as he lectures to dental students at Montana State University.

Oral and maxillofacial surgery specializes in surgery of the face, mouth, and jaws. It is an internationally recognized surgical specialty. Oral and maxillofacial surgeons are dental specialists who treat conditions, defects, injuries, and esthetic aspects of the mouth, teeth, jaws, and face. Their training involves a four-year graduate degree in dentistry and the completion of a minimum four-year hospital surgical residency program.
