

Go All In Media Showcases Global Literary Talent at the 2024 International Impact Book Awards in Phoenix

Phoenix, Arizona Mar 8, 2024 ([Issuewire.com](https://www.issuewire.com)) - In a celebration of literary prowess and exceptional branding, Go All In Media, Inc. is set to honor 31 distinguished authors at the **International Impact Book Awards** conference on Saturday, March 30, 2024. This year's ceremony, taking place in the vibrant heart of downtown Phoenix at the Marriott Downtown Phoenix from 9 a.m. to 4 p.m., marks a significant gathering of authors whose works have not only captivated readers but have also made

remarkable strides in self-publishing.

Authors from diverse backgrounds, including as far away as Singapore, are set to receive trophies in recognition of their literary contributions, alongside invaluable media exposure and opportunities to elevate their self-published works to new heights.

Nim Stant, CEO of Go All In Media and coordinator of the conference, emphasizes the broader vision of the event, *“The International Impact Book Awards is more than an accolade; it’s a dynamic platform designed to propel authors and entrepreneurs toward global recognition and success.”*

This sentiment is echoed in the selection of Quawntay “Bosco” Adams as one of this year’s speakers. Adams, whose memoir “Chasin’ Freedom” has been brought to life in the biographical drama film “Bosco,” released on Peacock on February 2, 2024, represents the epitome of literary achievement and cross-medium success. The film features a star-studded cast, including Aubrey Joseph, Nikki Blonsky, D.C. Young Fly, John Lewis, Theo Rossi, Thomas Jane, Tyrese Gibson, and Vivica A. Fox, underscoring the significant cultural impact of the awarded works.

The awards ceremony promises not only to honor the exceptional achievements of these authors but also to serve as a cornerstone event for networking, knowledge sharing, and inspiration among writers, publishers, and literary enthusiasts.

For those interested in learning more about the award winners or attending the conference, detailed information can be found at the official event website:
