

Melanie S. Hecker, MD, MBA & David J. Hecker, MD, Dermatologists with Hecker Dermatology Group, PA

Get to know Dermatologists Drs. Melanie S. Hecker & David J. Hecker, who serve patients in Florida.

New York City, New York Mar 8, 2024 ([Issuewire.com](https://www.issuewire.com)) - In 2010, Drs. Melanie and David Hecker, a husband-wife doctor duo, decided that the best way to serve their clients was to start their own practice, Hecker Dermatology Group, PA.

With offices in Pompano Beach and Tamarac, Hecker Dermatology Group, PA stands out as one of the most technologically advanced dermatology groups in South Florida. Their expertise covers a wide spectrum of skin conditions ranging from acne to psoriasis, with particular emphasis on early detection and treatment of skin cancers to prevent serious health complications.

Delivering cutting-edge treatments and excellent care to their patients, the doctors Hecker are skilled in current laser treatments for eliminating wrinkles, tattoos, brown spots, and spider veins. Additionally, they offer cosmetic procedures such as fillers, Botox injections, and chemical peels to promote skin rejuvenation.

Melanie S. Hecker, MD, MBA

Dr. Hecker possesses expertise in addressing hair loss, nail disorders, and performing dermatologic surgeries. She is particularly renowned for her proficiency in treating Skin of Color, necessitating a specialized approach to dermatological care.

After obtaining a Master of Business Administration Degree, Dr. Hecker pursued her medical education at the Icahn School of Medicine at Mount Sinai in New York City. Subsequently, she completed an internship at Columbia Presbyterian Medical Center, followed by a residency in dermatology at Mount Sinai Medical Center in New York City.

During her tenure as an Attending at St. Luke's Hospital in New York, Dr. Hecker held various leadership roles including Dermatology Clinic Chief, Director of the Clinical Research Unit, and served as the department's expert on nail dermatology.

In addition to being an active member of the American Academy of Dermatology, Dr. Hecker is recognized as a Diplomate of the American Board of Dermatology (ABD). The ABD is a voluntary, non-profit, private, autonomous organization formed for the primary purpose of protecting the public interest by establishing and maintaining high standards of training, education, and qualifications of physicians rendering care in dermatology.

Dr. David J. Hecker, MD

Dr. Hecker has been an integral part of the South Florida medical community since 1999, offering his services to the residents of Lighthouse Point, Pompano Beach, Fort Lauderdale, Coconut Creek, Boca Raton, and Boynton Beach. His extensive expertise covers a broad spectrum of dermatological concerns including skin cancer, psoriasis, acne, eczema, geriatric dermatology, and cosmetic surgery.

In terms of his academic background, Dr. Hecker earned his undergraduate degree from Princeton University before pursuing his medical education at the University of Florida School of Medicine. He completed his residency in dermatology at Mount Sinai Medical Center in New York City, where he distinguished himself as Chief Resident. Following his residency, he undertook a dermatopharmacology research fellowship at Mount Sinai, during which he authored numerous articles focusing on dermatologic and cosmetic-related conditions.

Board certified in dermatology, Dr. Hecker is recognized as a Diplomate of the American Board of Dermatology (ABD). The ABD is a voluntary, non-profit, private, autonomous organization formed for the primary purpose of protecting the public interest by establishing and maintaining high standards of training, education, and qualifications of physicians rendering care in dermatology.

On a professional level, Dr. Hecker has contributed as a reviewer for esteemed publications such as the Journal of the American Academy of Dermatology, Archives of Dermatology, Pediatric Dermatology, and Cutis. In addition, he is a member of both the American Academy of Dermatology and the Broward County Medical Association.

Dermatology is the branch of medicine dealing with the skin. The skin is the largest organ of the body. Dermatology is a specialty with both medical and surgical aspects. A dermatologist is a specialist doctor who manages skin diseases and deals with both internal and external causes and some cosmetic concerns involving the skin. Dermatological duties include taking consultations, providing screening tests, and undertaking non-invasive surgical procedures.

The doctors Hecker have authored numerous articles on dermatologic therapies and cosmetic treatments, made appearances on both radio and television, and actively participate as members of the Dermatology Foundation.
