

Board-Certified Specialist Aftab Qadir, MD with Over 20 Years of Experience in General, Child, and Adolescent Psychiatry

Bringing Expertise to Leading Healthcare Facility Central Florida Behavioral Hospital

New York City, New York Apr 11, 2024 ([Issuewire.com](https://www.issuewire.com)) - A highly respected child & adolescent

psychiatrist, Dr. Qadir is the Medical Director at Central Florida Behavioral Hospital. Patients can expect to receive top-notch care under his compassionate guidance, ensuring their journey towards mental wellness is supported every step of the way.

Pertaining to his educational pursuits, he received his medical degree from the King Edward Medical College in Pakistan, and completed his residency in psychiatry at the Western Missouri Mental Health Center. Finally, he completed his fellowship in child & adolescent psychiatry at the SUNY at Stony Brook University.

Having completed specialized training at Emory University School of Medicine for electroconvulsive therapy, Dr. Qadir has honed his skills in providing cutting-edge treatments for patients with severe mental illnesses. His dedication to staying at the forefront of psychiatric advancements ensures that patients at Central Florida Behavioral Hospital receive the highest quality of care available.

As a member of prestigious organizations such as The American Academy of Child and Adolescent Psychiatry, the Florida Psychiatric Society, and a Fellow of the American Psychiatric Association, he is committed to upholding the highest standards of psychiatric care. His passion for helping individuals struggling with mental health challenges is evident in his compassionate approach to treatment and unwavering dedication to improving the lives of his patients.

Psychiatry is the medical specialty devoted to the diagnosis, prevention, and treatment of mental disorders. These include various maladaptations related to mood, behavior, cognition, and perceptions. Psychiatrists evaluate, diagnose, and treat patients with mental, emotional, and behavioral disorders. They conduct thorough psychiatric evaluations, develop treatment plans, prescribe medication, and evaluate treatment results.
