Grand Launch of Metadrob: Introducing Zero Code Virtual Showroom Solution for Retailers

Experience the Future of Shopping with Metadrob

Jaipur, Rajasthan Apr 12, 2024 (Issuewire.com**)** - Metadrob, a 3D virtual store creator tool has officially launched. This complete solution will transform your regular 2D online store into an awesome 3D virtual store. If you are thinking about coding then zero coding is required. Build your virtual showroom by simply using the drag-and-drop feature.

Metadrob is a SaaS-based 3D virtual showroom creator platform that provides ultimate solutions to retailers that help them create 3D immersive virtual showrooms.

During an interview, Mr. Adhyan Mangal, the visionary CEO of Metadrob said, "A virtual store or a virtual showroom is similar to an online store, but cooler. Instead of visiting a physical store, you can access and shop from mobile and computers in a virtual world with a realistic in-store shopping experience like never before."

He further says, "You can view products from all angles in a 360-degree view, zoom in to look closely and easily access detailed information about each product with just a click, all from the comfort of your home. It's like having your physical store right on your screen."

Shopping is much more fun and easy now because you can see everything you like without getting up from your couch.
