

Hickory Stick Golf Club Announces Grand Opening of Restaurant, The Haven At Hickory Stick and Over 3M In Renovations

Greenwood, Indiana Apr 18, 2024 ([IssueWire.com](https://www.issuewire.com)) - Hickory Stick Golf Club announces significant facility and course enhancements with the unveiling of [The Haven at Hickory Stick](#), a new dining destination open daily to the public. A Community Day & Grand Opening celebration will be held on April 27, 2024, from 1-4pm to showcase the extensive investments in the facility with fun-filled activities for the community to come out and enjoy.

The modernization of the golf club represents an exciting development for both golfers and diners alike. Since the acquisition of the business in March 2022, Hickory Stick has embarked on a journey of transformation, partnering with [SCS Construction Services](#), a full-service commercial construction company based in downtown Greenwood, Indiana, to oversee and execute the construction process.

"Since the acquisition of Hickory Stick Golf Club in 2022, our mission has been to elevate every facet of the golfing experience while honoring its storied tradition," said Todd Kuebel, Partner at Hickory Stick Golf Club. "Golfers can enjoy a relaxed, yet engaging experience on our links-style course, where each hole really offers a great blend of challenge and enjoyment."

A highlight of the property's 7000 sq ft interior transformation is the addition of The Haven at Hickory Stick, a fine/casual restaurant with bar and golfer's lounge, offering a diverse menu in a relaxed setting. The restaurant represents a significant expansion of the club's dining facilities, allowing for increased capacity and hosting of intimate events. The restaurant boasts a new state-of-the-art kitchen with

custom MEP design (Mechanical, Electrical, Plumbing) tailored for optimal functionality and efficiency in food preparation. The construction of a new bar and golfers lounge, capable of accommodating over 100 families, allows the club to now cater to the needs of both golfers and community visitors. The clubhouse and pro shop have also been completely transformed with new fixtures and custom displays, providing access to a wider range of merchandise and enhanced shopping experience. The installation of polished concrete flooring, modern lighting and the incorporation of custom interior finishes throughout the space were designed to improve the quality, functionality and durability of the club. Extensive upgrades to the exterior include a new canopy and patio area with seasonal outdoor dining options and a walk up snack bar window. The clubhouse also received a full exterior renovation including new siding, roofing, windows, lighting, HVAC and Electrical, and glass doors entrances.

Taylor Kennel, Vice President of SCS Construction Services notes, “As the renovation partner for Hickory Stick Golf Club, it was critical to complete the project in phases, implementing the appropriate safety measures, all while allowing the business to remain open and operational for its course members and community golfers throughout construction”

Course upgrades include bunker renovations, a significantly increased maintenance budget fostering better playing conditions, cart path repair, and irrigation technology, all aimed at enhancing the golfer's experience. Additionally, the club introduced an indoor golf simulator, winter practice facilities and comprehensive golf instruction for players of all levels, offering year-round skill improvement options. Further investments include a new fleet of E-Z-GO golf carts equipped with GPS technology, providing cutting edge fleet management tools seamless golfing experience efficiency while on the course.

Partnerships with the local community have been established; the course is now home to the Center Grove Golf Team and Fox 59 Weather cameras.

Hickory Stick Golf Club remains dedicated to preserving golf tradition and serving as a premier destination. Kuebel emphasized, "Despite prior speculation of redevelopment for housing, we are steadfast in our commitment to maintaining the course for generations to come. Our dedication lies in preserving not just the game of golf but also the cherished green spaces that have been a cornerstone of this community.”

Kuebel says they welcome both public players and those interested in membership to experience the enhanced offerings at Hickory Stick Golf Club and The Haven at Hickory Stick. “Whether you're looking for a round of golf, a delicious meal, or considering membership, we invite you to join us in our commitment to hospitality and leisure.”

About Hickory Stick Golf Club: Hickory Stick Golf Club is an Irish links-style course located at 4422 Thompson Blvd, Greenwood, IN 46143, just South of Indianapolis. Designed by Tim Liddy, offering a playable challenge from all four sets of tees with rolling fairways and mounded rough.
