

Presentria is named as one of Canada's Top 10 Student Engagement Solutions Providers for 2024

Recognition Underscores Presentria's Commitment to the Transformation of Experiential Learning in Education and the Workplace

Toronto, Ontario May 2, 2024 ([IssueWire.com](https://www.issuewire.com)) - Presentria, the innovator behind Canada's leading experiential online learning platform, proudly announces its recognition by Education Technology Insights as one of Canada's Top 10 Student Engagement Solutions Providers for 2024. This esteemed acknowledgment reflects Presentria's dedication to revolutionizing learning experiences in both

educational institutions and workplaces through its advanced EdTech solutions aimed at enhancing student engagement in classrooms, online settings, and real-world environments.

Education Technology Insights praised Presentria's outstanding EdTech solutions, stating, "Presentria's comprehensive services go beyond traditional teaching methods, providing educators with a versatile toolkit to facilitate transformative learning experiences. From interactive polling to gamified learning modules, the company empowers educators to captivate student interest and drive meaningful learning outcomes."

Dr. Ken Kwong-Kay Wong, Founder of Presentria, expressed gratitude for the recognition, stating, "We are honored to be acknowledged by Education Technology Insights as one of Canada's Top 10 Student Engagement Solutions Providers. This recognition underscores the support of our customers and the dedication of our team. We remain committed to refining our products and integrating Artificial Intelligence capabilities into our upcoming EdTech solutions."

Dr. Wong highlighted Presentria's innovative approach to experiential learning with Presentria GO, a module offering students a dynamic learning experience outside the classroom. "Presentria GO transforms any environment into a learning space, allowing students to explore real-world surroundings while engaging with curated educational content tailored to their location. By transcending physical classroom boundaries, Presentria GO promotes inclusivity and accessibility, catering to diverse learning needs."

Presentria recently improved the user interface of Presentria GO, introduced gamification features, and launched a web-based version of the scavenger hunt, further enhancing the platform's value as an inclusive teaching and learning tool.

About Presentria Canada Inc.:

Presentria Canada Inc. is dedicated to realizing inclusive teaching and learning experiences through cutting-edge mobile and experiential learning technologies. Its flagship product, Presentria GO, leads the way in Canada's experiential online learning tools, empowering educators to expand learning beyond traditional classroom settings.
