

3rd International Conference on Pediatrics and Healthcare

The global congress will be based on the theme "Empowering the Future: Innovations in Pediatric Care and Health" which aims to learn more about pediatrics and related research. Theme "Empowering the Future: Innovations in Pediatric Care and Health"

Sheridan, Wyoming Jun 13, 2024 (Issuewire.com) - Scientex Conferences takes immense pleasure in inviting all the researchers and scientists from all over the world to join the "3rd International Conference on Pediatrics and Healthcare" which is going to be held on **May 15-16, 2025**, in **Dubai, UAE**.

The global congress will be based on the theme "**Empowering the Future: Innovations in Pediatric Care and Health**" which aims to learn more about [pediatrics](#) and related research. The two-day conference includes keynote presentations from some of the top academics in the field along with oral and poster presentations. As well as ensuring that the results of this study are easily accessible for better policymaking, it will aid in the development of comparative research on infants and children. It's a great opportunity for specialists in [child development](#) and other fields to connect with one another, highlight the latest findings, and provide treatments for various ailments affecting children. We are delighted to get to know each other and look forward to the great Pediatrics 2025 conference, which can be attended remotely or in Dubai, UAE.
