

David Boudreaux “Lord Jesus Please Help Me Find My Happy” Provides Practical Solutions To Achieve Happiness In Christ

LORD JESUS,
PLEASE HELP
ME FIND MY
HAPPY

DAVID BOUDREAUX

Los Angeles, California Jul 3, 2024 (IssueWire.com) - The Bible teaches us that our Lord Jesus said, "I come that they might have life and that they might have it more abundantly" (JN 10:10). This verse expresses to us that we as Christians should be living a more abundant life meaning that the Christian life should be filled with joy and happiness. After we first get saved we are full of joy because of the wonderful gift of eternal life that God has given to us freely, but after a while, the newness wears off and we fall back into that daily routine of a mundane existence. This is not what Jesus intended for us. This book points out the things that cause us to lose our joy in Christ and then it reveals all the ways in which we as mere humans try to find our joy through our own fleshly efforts and avenues. We need to understand that it was a supernatural event that gave us that joy to begin with and it will be through the same supernatural actions of God that will restore it. These human efforts that we make trying to find happiness ourselves just lead to more sadness, depression and frustration. After we understand what we have been doing wrong, then the book turns the reader back to God and shows them how to restore that happiness through the methods that God provides in His Word.
