

Iranian singer and songwriter Hamed Hadi is making a new album

After a long wait, the listener will soon hear new music from Hamed Hadi

Tehran, Iran Jun 10, 2024 (Issuewire.com) - Hamed Hadi, an Iranian singer and songwriter, has been trying to produce and release an album for a long time after the successful release of several tracks named Salam, Khabe Shirin, and Paizi.

In his interviews with Iranian news agencies, Hamed Hadi said that 8 tracks will be produced in this album, which will be released in one place on a date that will be announced soon.

Hamed Hadi is apparently trying to create a huge change in the music industry of his country with this album, and he has mentioned this in several interviews.

He says that this is used in the album by combining several music styles and can surprise his fans with each and every music of this album.

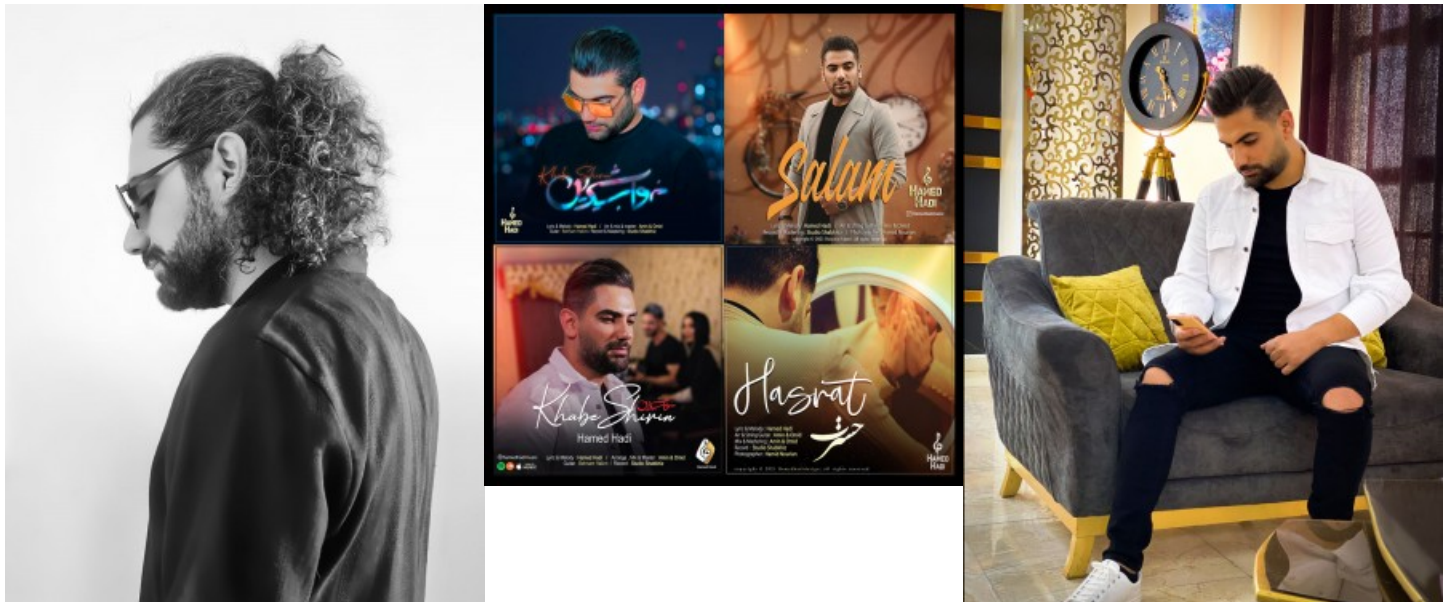

Also, Hamed Hadi's fans have started making and publishing different teasers of this album on virtual networks.

Apparently, this singer is going to do great things on this album.

One of the most successful songs of this young singer is called (Khabe Shirin), which made him popular and famous among pop music lovers. This is romantic and emotional music that even Hamed Hadi is very fond of this music and says that he was in complete peace while writing this song.
