

ISCPO Announces Telaid as a Preferred Vendor Partner

ISCPO Welcomes Telaid as Preferred Vendor Partner to Further Boost Supply Chain Security

Dallas, Texas Jun 11, 2024 ([Issuewire.com](https://www.issuewire.com)) - Today, the International Supply Chain Protection Organization (ISCPO) proudly announces the exciting addition of [Telaid](#) as a preferred vendor partner. With the increasing risk of cargo theft, ISCPO members rely on various vendors to provide layers of security. Driven by its commitment to continuous improvement, ISCPO is dedicated to expanding its array of vendor solutions, harnessing proven products, and staying at the forefront of industry best practices. This international partnership with **Telaid** as a preferred vendor helps our members reduce

cargo theft and pilferage, protect brand reputation, and limit supply chain interruptions.

For ISCPO members, partnering with **Telaid** can effectively safeguard their facilities, yards, cargo, and assets. A trusted technology integrator since 1981, **Telaid** designs, deploys, and supports critical technologies from infrastructure to physical security solutions, automation technologies, and wireless and vision AI, to name a few.

“**Telaid** is committed to helping the supply chain industry elevate security and reduce losses at their facilities with both foundational and emerging technologies that empower companies and their employees to achieve a proactive approach to safety and security. We’re proud to work alongside ISCPO to help members reduce loss,” said Steve Collins, Vice President of Business Development at **Telaid**.

As a preferred vendor partner of ISCPO, **Telaid** is excited to offer solutions as well as engage in discussions about innovative ways to combat cargo theft, administrative losses, workplace violence, and on-premises theft.

About **Telaid**:

Telaid helps enterprise clients accelerate technology adoption to achieve their business objectives. We design, deploy, and support critical technologies, reducing time, task, cost, and risk associated with managing technologies in complex, multi-site environments. Since 1981, **Telaid** has delivered service excellence and successful technology deployments, IT asset management, physical security solutions, and technology support services. Our physical security practice empowers asset protection and loss prevention teams with unified physical security solutions. Learn more about us at www.telaid.com
