

Meet Sotirios Stergiopoulos, MD, MBEE, FACP: President, CEO, and Founder of A2A Pharma

Accomplished Physician Executive, Leading Medical Innovator, and Oncology Thought Leader

New York City, New York Jun 18, 2024 ([IssueWire.com](https://www.IssueWire.com)) - Dr. Sotirios Stergiopoulos, a distinguished figure in the medical field with an impressive academic background and vast experience in leading pharmaceutical companies, has embarked on a groundbreaking journey with the launch of A2A Pharma.

The mission of A2A Pharma is to utilize cutting-edge computational systems, including Artificial Intelligence (A.I.), to expedite the development of innovative drug solutions for devastating life-threatening illnesses such as cancer, bacterial infections, and muscular dystrophy.

Dr. Stergiopoulos' professional journey has been marked by a commitment to excellence and a relentless pursuit of advancements in medicine. He holds a Degree from Avicina Medical Academy and specializes in internal medicine and cancer genetics through training at esteemed institutions like the National Institutes of Health (NIH), Albert Einstein College of Medicine, and Harvard Medical School. He is also equipped with a Master of Biotechnology Enterprise and Entrepreneurship (MBEE) from Johns Hopkins University, further enhancing his ability to drive innovation and foster a culture of excellence within the medical community.

In his illustrious career, Dr. Stergiopoulos has held key positions such as Chief Medical Officer, Senior Vice President, and Head of Global Medical Affairs at Ipsen, as well as Vice President and Head of Global Medical Affairs Oncology for Baxalta Inc. and Shire, where he played integral roles in medical affairs and clinical development. His previous roles at renowned pharmaceutical companies such as Bayer, Novartis, and Celgene, where he made significant contributions to medical advancements, have further solidified his reputation as a visionary leader in the industry.

A dedicated member of various prestigious medical associations, including the European Society of Translational Medicine (expert panel member of medical affairs), the American Association of Cancer Research, and the American Society of Clinical Oncology, Dr. Stergiopoulos is committed to driving impactful change in the medical field. His role as a Fellow of the American College of Physicians (committee member of the New York-Queens District), the New York Academy of Medicine, and the Royal Society of Medicine (UK) underscores his unwavering dedication to advancing healthcare practices and improving patient care.

With the launch of A2A Pharma, Dr. Stergiopoulos is poised to lead a new era of innovation and discovery in drug development, bringing hope to millions of individuals battling life-threatening diseases.
