"If you want to know what Restore Liberty is looking for in a constitutional sheriff candidate, get to know this guy. Anything short of this sheriff's understanding of his duties and his overall philosophy and character and no endorsement can be made. His constituents and their absolute protection are his primary concern. His incorporation of faith into his position and calling there is very clear when speaking with him. Congratulations, Sheriff Virden!", State Director Wendi Montgomery Dial and the Oklahoma Restore Liberty Team.
