Bengaluru, Karnataka Jun 21, 2024 (Issuewire.com) - SSC Nasscom & Cranes Varsity celebrate the Successful Completion of the First Year of Partnership for the Embedded Software Engineering Boot-Camp Program. This Collaboration was to Train 10,000 Engineering Graduates in Embedded Software Engineering.

In addition to the Boot-Camp program, SSC Nasscom has also partnered with Cranes Varsity to deliver Faculty Development Programs (FDPs) on Embedded Software Engineering at Colleges to enhance the skills of lecturers across India in preparing future generations for careers in embedded software.

The SSC Nasscom & Cranes Varsity are excited to announce the successful completion of the first year of their partnership. This collaboration, aimed at delivering high-quality embedded systems training, has culminated in the graduation of four batches from the Embedded Software Engineering Boot-camp program.

The curriculum, designed in collaboration with industry experts, ensured that students were well prepared for real-world challenges. The program achieved a high placement rate, with many graduates securing positions with Tech Mahindra, LTTS (NASSCOM SME's) and also with other major industry leaders like EFI, Smart TV Global Technology, Amlogic, Chip Intech Embedded Solutions, and Alten.

"We are delighted with the outcomes of our first year in partnership with SSC Nasscom. The success of the Embedded Boot-Camp program underscores the importance of industry-academic collaboration in creating a skilled workforce. Also, by signing up on the FDP partnership program with SSC Nasscom we look forward to expanding our reach to lectures of Pan India colleges and extensively promoting this program across colleges and universities, making it accessible to a larger number of aspiring engineers." said Ms. Arpita Mitra, Vice President, Cranes Varsity.

By broadening our outreach, we aim to provide greater access to quality training and ensure SSC Nasscom SME's benefit from recruiting skilled engineers trained through the Embedded Boot Camp Program.

ABOUT SSC Nasscom

SSC Nasscom, the Sectoral Skills Council of the IT-ITeS industry, is a pivotal force in driving skill development and ensuring workforce readiness for the Indian IT and IT-enabled services (IT-BPM) sector. As an integral part of Nasscom, the leading trade body and chamber of commerce for the Indian IT sector, SSC Nasscom works closely with industry stakeholders. This collaboration helps align educational and training standards with the ever evolving needs of the IT-BPM industry.

Functioning as an Awarding Body under the National Council for Vocational Education and Training (NCVET) and the Ministry of Skill Development and Entrepreneurship (MSDE) of the Government of India, SSC Nasscom ensures that its programs meet national quality benchmarks. Through strategic initiatives and partnerships, they contribute significantly to creating a digitally skilled workforce in India. Their focus lies on enhancing the employability and competitiveness of the Indian IT talent pool in the global market.

In essence, SSC Nasscom acts as the national standard-setting body for IT skills in India. Established under the National Skill Development Corporation (NSDC) and MSDE, they act as a bridge between different stakeholders in the IT ecosystem. This includes industry leaders, educational institutions, and government bodies. By facilitating collaboration and setting quality standards, SSC Nasscom plays a crucial role in shaping the future of the Indian IT workforce.

About Cranes Varsity

Cranes Varsity, a pioneer in technical education since 1998, empowers professionals with in-demand skills across engineering and software domains. They offer high-quality training and certification

programs in areas like Embedded & Automotive Systems, Embedded AI, VLSI, Data Science & Cyber Security.

Cranes Varsity provides high-impact, hands-on tech training for all: Graduates, Professionals, Corporations, Defense sectors, Colleges, and universities.

Led by a team of industry experts with over a decade of experience, Cranes Varsity has trained and placed thousands of IT professionals who are now shaping India's technology sector. Their mission is to equip students with the practical skills needed to thrive in the industry and contribute to India's position as a global innovation hub.

Headquartered in Bangalore, Cranes Varsity has a strong presence throughout India
