

Mohit Modgil, DDS, Renowned Dentist at Bayport Dental Care, Pioneers Comprehensive Dental Care in New York

Combining Dental Expertise With an Engineering Background to Deliver Exceptional Care to Patients

New York City, New York Jul 10, 2024 ([IssueWire.com](https://www.issuewire.com)) - Dr. Modgil, popularly referred to as Dr. Moe, is a highly respected dentist practicing at Bayport Dental Care in New York. He brings a unique blend of skills and experience to the field of dentistry, setting new standards for comprehensive dental care.

At Bayport Dental Care, he emphasizes patient education and engagement, believing that collaboration is key to achieving optimal oral health. He takes the time to explain treatment procedures in detail, involving patients in the decision-making process and addressing their concerns every step of the way. His interactive approach to treatment planning ensures that patients feel empowered and informed throughout their dental care journey.

With a Bachelor of Science degree in Information Systems Engineering from Stony Brook University and a Doctor of Dental Surgery degree with Perio honors from NYU College of Dentistry, Dr. Moe possesses a solid educational background. His passion for serving the community led him to pursue a "Mini Residency at Odyssey House" in Harlem during his time at NYUCD, where he provided pro bono dental services to underserved populations. As part of his commitment to providing the best care for his patients, Dr. Moe is currently pursuing a fellowship with AAID (American Academy of Implant Dentists) which will make him a specialist in oral implantology. A Fellowship with AAID is highly sought by top clinicians as only 3200 general dentists out of 200,000 practicing in the U.S. have been successful in finishing the required rigorous coursework and achieving this designation

Following his graduation, he completed a rigorous one-year residency at Stony Brook University Hospital, further honing his skills in dentistry. His time at SBUH allowed him to work in the operating room, providing specialized care to pediatric and developmentally disabled patients under general anesthesia. His commitment to continuous learning is evident in his pursuit of numerous continuing education programs each year, ensuring that he stays abreast of the latest developments in dental care.

As part of his commitment to providing the best care for his patients, Dr. Moe is currently pursuing a fellowship with AAID (American Academy of Implant Dentists) which will make him a specialist in oral implantology. A Fellowship with AAID is highly sought by top clinicians as only 3200 general dentists out of 200,000 practicing in the U.S. have been successful in finishing the required coursework and achieving this designation.

Dr. Moe's engineering background plays a significant role in his approach to dentistry, enabling him to think ahead and devise comprehensive treatment plans for his patients. By meticulously planning for potential complications and focusing on long-term outcomes, he ensures that his patients receive the highest quality of care.

In his personal life, Dr. Moe finds joy in spending time with his family and staying updated on the latest advancements in dental and medical research. His unwavering commitment to excellence and patient-centered care has earned him a reputation as a trusted and compassionate dentist in the New York community.
