

# Raffle AI Now Available in the Microsoft Azure Marketplace

Microsoft Azure customers worldwide now gain access to Raffle AI Search and Chat Assistant to take advantage of the scalability, reliability, and agility of Azure to drive application development and shape business strategies.

**Ballerup, Hovedstaden Jul 4, 2024 (IssueWire.com) - Raffle AI** today announced the availability of Raffle AI Search and Chat Assistant in the Microsoft Azure Marketplace, an online store providing applications and services for use on Azure. Raffle AI customers can now take advantage of the productive and trusted Azure cloud platform, with streamlined deployment and management.

Raffle (founded in 2018) are experts in AI Search and Chat Assistants. We pride ourselves on being pioneers in revolutionizing search technology. With deep-rooted expertise in artificial intelligence and machine learning, our company stands at the forefront of innovation, offering unparalleled capabilities and a comprehensive suite of services aimed at transforming the way people search and discover information on websites, in help centers, customer portals and across knowledge bases.

We are tailored for medium to large enterprises throughout Western Europe and the United States, operating in sectors such as Energy, Telecommunications, Government, Unions and Finance and equipped to handle all kinds of content at large volumes.

Our team comprises leading experts in the fields of natural language processing, data science, and software engineering, enabling us to develop cutting-edge solutions that cater to the evolving needs of our customers. “With Raffle, Microsoft Azure clients can now be on the forefront of AI with instantly working AI Search and Chat Assistants for websites, help centers and customer portals. Raffle replaces existing traditional search and chatbots in just a few hours, utilizing our instant API or Search UIs,” said Suzanne Lauritzen, CEO, Raffle AI.

“Microsoft welcomes Raffle AI to Azure Marketplace, where global customers can find, try, and buy from among thousands of partner solutions,” said Jake Zborowski, General Manager, Microsoft Azure Platform at Microsoft Corp. “Azure Marketplace and trusted partners like Raffle AI help customers do more with less by increasing efficiency, buying confidently, and spending smarter.”

By harnessing the power of Raffle AI Search, businesses stand to gain numerous benefits including an enhanced user experience and therefore high ticket deflection rate. Businesses also get access to Raffle AI’s advanced analytics, which include popular pages, content gaps, session distribution, CTR and more.

The Azure Marketplace is an online market for buying and selling cloud solutions certified to run on Azure. The Azure Marketplace helps connect companies seeking innovative, cloud-based solutions with partners who have developed solutions that are ready to use.
