

7 Solution Ltd: Leading Innovator in Capillary Tube Manufacturing

The company produces high-quality titanium, tantalum, and composite metal capillary tubes for various industrial applications.

Titanium & Titanium alloys Capillary Tube

Fengyang, Anhui Aug 5, 2024 ([Issuewire.com](https://www.issuewire.com)) - 7 Solution Ltd, a pioneering capillary tube manufacturer established in 2019, is proud to announce its continued dedication to delivering high-quality capillary tube products to a diverse range of industries. Specializing in the production of precision-machined titanium and tantalum capillary tubes, the company has quickly positioned itself as a leader in the market.

Company Overview

7 Solution Ltd located at No.720, business trade zone, Unit 2359, Huashan Road, Maan Shan City, P.R. China. With a team of 18 dedicated employees, including six senior engineers, the company leverages over 25 years of expertise in processing capillary tubes to meet the rigorous standards required by various applications. The company offers an extensive product range, including:

- Titanium & Titanium Alloys Capillary Tubes
- Ultrafine Capillary Tubes
- Composite Metal Capillary Tubes

Product Applications

7 Solution Ltd's products are utilized in critical industries such as aerospace, medical, and petrochemical sectors. The company's composite metal capillary tubes are also vital in the electrophoresis and surface treatment processes, demonstrating their versatility and precision in demanding applications.

Why Choose 7 Solution Ltd?

With a commitment to quality and reliability, 7 Solution Ltd stands out for its state-of-the-art manufacturing capabilities and its focus on innovation. The company's comprehensive expertise and meticulous production processes ensure that each product meets stringent quality standards, making it a trusted partner for businesses worldwide.
