Reaching, Teaching, Responding to thousands one-by-one

Dr. Steven

City of Dallas, Texas Aug 15, 2024 (Issuewire.com) - There are many virtuous causes calling for public attention, strategic action and common-cause alliances to mitigate or even defeat a plague,

illness, or concern affecting millions. Such is the case where there is massive moral failure in Evangelical Houses of Worship across the US and particularly North Texas. Thus, Dr. Steven DavidSon, leader of Amazing Things The Church, the nation's largest virtual Church (strictly web-based, daily, celebrating thirty-one years) views the dire condition as a call to faith-duty, and responsibility. Working in church ministry more than half a century his perspective is not without substantial evidence.

“This is Martin Luther’s nightmare (The Catholic Monk who began the Protestant Movement) in my view. I’m sure he never envisioned anything like this when he stood to protest the spiritual grid-lock and doctrinal monopoly of the Bible represented by the Roman Catholic Church. What he did more than five centuries ago was profound, courageous and liberating. But what we’re witnessing in mass in the Protestant church community shatters the virtues of decent liturgy, disciplined clergy, and too often the virtue of holiness is as distinct as Jurassic beings.”

DavidSon is alluding to leaders in major ministries of a thousand or more members who have been the subject of scandal all over the nation, but particularly North Texas.

“No question, the condition particularly in North, Texas is turning heads all over the world. Some of the most recognized names in Christian ministry in the United States and abroad have been center-point of some type of scandal ([Robert Morris](#), [Bishop TD Jakes](#), [Dr. Tony Evans, etc](#)). These are the persons the public recognizes but there are others during the last six months. The occurrence of moral failure is so common-place, there are pseudo-ministries that have built massive social-media followings reporting the moral failure of clergy. Even these ‘scavenger ministries’ have no Biblical basis to exist. Often the program hosts have no record of ordination or officially confirmed ministries. They do not participate in any substantial way to the teaching and developing of new converts or maturing Christians beyond the subject matter of fallen leaders...”

Dr DavidSon also cites other conditions as publicly detrimental to the faith. Condition’s which have compromised the ability to reach all people...

“There are many facets to this massive scourge of moral failure. We’re not Pollyanna, and no one is without error altogether. We only hope to raise consciousness, and where persons, leaders and laity seek prevention or intervention, we desire to be light in darkness. We reach millions a month and we’re a ministry engaging masses world-wide every day. We’ll do our part...”

Dr. DavidSon’s ministry is launching a series of activities including public announcements, training, discussion-groups, counseling and their daily live programming. And as with many great causes they are sponsoring a ‘Moral Failure’ Prevention Month for Christian Leaders. You can be a part of this work in any of their social-media sites.
