

## **Beverly Hills Cancer Center: Pioneering Advanced Cancer Treatments Under the Leadership of Afshin Eli Gabayan, MD**

Offering a Healing and Supportive Environment with Balanced Cancer Diagnostics and Comprehensive Treatment Options

**New York City, New York Sep 19, 2024 ([Issuewire.com](https://www.issuewire.com))** - Beverly Hills, California – Afshin Eli Gabayan, MD, a prominent hematologist-oncologist and the Founder and Medical Director of Beverly Hills Cancer Center is redefining cancer treatment by integrating state-of-the-art medical care with innovative research.

At this private, academic facility, patients benefit from a comprehensive range of cancer treatment modalities, all available under one roof. From chemotherapy and radiation therapy to advanced diagnostic imaging and laboratory services, Beverly Hills Cancer Center is a beacon of hope for cancer patients worldwide.

Dr. Gabayan, a 1994 graduate of the prestigious Keck School of Medicine at the University of Southern California, has dedicated his career to advancing cancer treatments. Following his internship and residency at the University of California, Los Angeles (UCLA), where he served as Chief Resident, he honed his expertise in oncology and hematology at Cedars-Sinai Medical Center, where he remained as an attending physician in private practice with expertise in the areas of gastrointestinal, lung, breast cancers and multiple myeloma.

Under Dr. Gabayan's leadership, Beverly Hills Cancer Center offers patients the unique opportunity to participate in groundbreaking clinical trials that are not widely available. This initiative not only attracts patients from around the globe but also fosters hope through access to the latest advancements in cancer treatment.

At the core of Dr. Gabayan's practice is a fervent advocacy for advancing medical research for all cancer patients. His dedication to providing the latest therapy options ensures that every patient receives personalized care tailored to their unique needs. This fusion of cutting-edge science and compassionate care has positioned Beverly Hills Cancer Center among the leading cancer treatment facilities in Los Angeles and beyond.

In addition to his medical practice, Dr. Gabayan is deeply committed to his community, regularly delivering lectures on various oncology and hematology topics. His philanthropic efforts, including support for Covenant House, reflect his dedication to making a meaningful impact beyond the walls of the clinic.
