Cairns, Queensland Sep 10, 2024 (Issuewire.com) - Australian Rapper Dcrae talks about his Upcoming Emotive Hip-hop Track "STUCK"

Rappers are best known for reflecting their stories of life through their bars and Dcrae is here to prove that again. The Australian underground hip-hop artist is best known for his powerful verses that can intrigue his fans. He is all prepared to drop his upcoming single "STUCK" which is scheduled to be

released soon. This emotive track is not just an example of good songwriting but also reflects the deep bond he shared with his mother. The single will be released in a few weeks. And the artist has shared his experience of making this creative project

Dcrae said, "I just hope you all like it as well when it drops. I'm taking a new turn in my career and I want to make music that has a meaning that has soul, love, and laughter." With an emotive depiction of life along with the void created by the loved ones who passed away, this track is going to be quite personal for the artist and listeners. Being one of the most talented rappers and songwriters from Australia, he is well aware of the competitive industry where

there are other rappers in the game. However, he is also aware of his achievements and how far he has come in his musical journey. The artist said,

"I've sacrificed a lot for this game and I'm sure the realist of an artist who understands, understands what it means to sacrifice." Australia rapper Dcrae started his musical journey back in 2019 and has already made prolific progress in his musical career with some of the most exquisite music projects. Hailing from Mt Druitt Sydney, the rapper has always stayed true to his craft and consistently evolved through his journey. Some of his previous bangers like, 'My Head', 'Want You', 'Chase', etc are the greatest example of his creative aura as a hip-hop artist.

Dcrae has also offered many collaborative projects on his music journey such as 'Body' ft. Tuhiana, 'Ghetto Life' ft. Idowest & Daryl, 'Don't Go' with Daryl, etc to name some. His diversified musical collection shows his dynamic and versatility.

The upcoming release of 'STUCK' marks a new turning point in his musical journey, and a hefty dose of emotion is poured down into this song that reflects his hardships and overcoming them. The single reflects pain, loss, and triumph integrated with sentimental hip-hop and pop. As a result, there is a fine balance of poignancy and optimism which is more like an imitation of life. Dcrae said, "Took 10 months to make and it all started with an old guitar tune he had made decades back. I'm proud of this achievement".

Dcrae's motto is "If you wait until you're ready, you'll never start," and therefore,

he is always ready and does not require waiting for it. He takes chances, he is currently working on multiple projects and will release them hopefully before Christmas.

Staying true to himself, the artist finds himself more daily through music.
