

rTriibe Shortlisted for 2025 BETT Award - AI for Education - Workload Reduction

rTriibe, the innovative teacher recruitment and workforce management platform, has been announced as a finalist in the 2025 BETT Awards in the "AI in Education - Workload Reduction" category.

The banner features a dark blue background with a pink and white diagonal stripe at the bottom. In the top left, the 'bett' logo is displayed in white, with 'Awards London 22 January 2025' and 'A Hyve Event' below it. To the right, the word 'FINALIST' is written in a large, pink, stylized font. The central text 'AI in Education - Workload Reduction' is in large white font. At the bottom, a pink box contains 'bettawards.com', and the 'besa' logo (British Educational Suppliers Association) is in the bottom right corner.

Dubai, United Arab Emirates Nov 7, 2024 ([Issuewire.com](https://www.Issuewire.com)) - Recognised as a powerful time-saving and workload-reducing solution for educational institutions, rTriibe's intelligent platform transforms how schools recruit, onboard, and manage their teaching staff, ultimately reducing administrative burdens

and maximising efficiency.

The BETT Awards are among the most prestigious accolades in the education technology industry, celebrating innovative solutions that have a measurable impact on teaching and learning. The nomination underlines rTriibe's mission to support schools by simplifying and streamlining the hiring process, enabling educational teams to focus more on students and less on administrative tasks.

Paul Massey, CRO and Co-Founder of rTriibe said: *"We are thrilled to be shortlisted for this year's BETT Award in AI for Education. This recognition is a testament to the hard work, dedication, and forward-thinking approach of our incredible team at rTriibe. Our collective efforts are always focused on making rTriibe a high-quality, forward-looking solution for schools across the UK. We constantly strive to enhance and refine our platform, delivering the best service for teachers and schools, time after time."*

The shortlist for the BETT Awards 2025 in this category highlights rTriibe's commitment to leveraging AI and innovative technology to reduce workloads for educational leaders and administrators. The nomination reflects the platform's proven ability to save schools time and resources, offering smart solutions to the often-complex recruitment process in education.

Paul added: *"Supply Pool, our latest development, allows school leaders to take full control of their school's supply staff. Supply Pool is an all-in-one platform designed to make managing your own pool of supply staff easier than ever. No more relying on agencies or scrambling for last-minute cover. With Supply Pool, you can build, manage, and book your trusted supply staff in seconds. Together, rTriibe and Supply Pool removes the headache of supply staff for school leaders, and vacancies can be filled in seconds."*

Schools and education leaders are invited to explore how rTriibe's platform is redefining the recruitment landscape at www.rTriibe.com, where they can learn more about the benefits of an efficient, streamlined, and reliable recruitment system tailored for education.

The winners of each category will be announced at the BETT Awards 2025 Ceremony on 22nd January at The Brewery in London, a night that will bring together industry leaders to celebrate the advancements and excellence in education technology.
