

Claudius Nan Achieves Walkway Auditing Certificate Holder Status with the National Floor Safety Institute

Flooring Expert and Safety Advocate Claudius Nan Expands His Credentials with Prestigious NFSI Certification

Davie, Florida Dec 19, 2024 ([IssueWire.com](https://www.issuewire.com)) - Walkway Management South Florida is proud to announce that Claudius Nan has earned the prestigious Walkway Auditing Certificate Holder (WACH) designation from the National Floor Safety Institute (NFSI). With nearly 20 years in the flooring industry and 6 years of focused expertise in floor safety, Claudius's certification is a testament to his dedication to creating safer environments for all.

Claudius's latest achievement builds on his impressive credentials, as he also holds a UNT Walkway Auditing Certificate and is part of several floor safety ASTM Committees such as the F13 committee as well as a member of AMPP (Association of Materials Protection and Performance) and ASSP (American Society of Safety Professionals). These certifications highlight his mastery of advanced techniques in walkway traction measurement, analysis, and reporting, positioning him as a leader in the field of walkway safety.

Claudius's nearly two decades of experience in flooring, combined with his six years of commitment to floor safety, have made him an invaluable asset to businesses across South Florida and a trusted advocate for safety in the community.

The NFSI Walkway Auditing Certificate Holder program is a nationally recognized credential for professionals dedicated to mitigating slip-and-fall risks through rigorous audits and adherence to safety standards. As a certified WACH, Claudius is equipped to perform detailed traction audits, recommend interventions, and support safety initiatives to prevent accidents in public and private spaces.
