Ashburn, Virginia Dec 19, 2024 ([Issuewire.com](https://www.issuewire.com)) - CPG Beyond Inc., a trailblazing leader in the data center services industry, is thrilled to announce the well-deserved promotion of Anthony Ramirez to the newly created role of Vice President - Data Center Services, North America.

With nearly three decades of hands-on experience as a contractor, operator, and leader in the

hyperscale data center industry, Anthony brings an unparalleled depth of knowledge and a unique perspective to the table. His extensive background, spanning roles across the entire data center lifecycle, equips him with a comprehensive understanding of the complex challenges and evolving needs facing today's data-driven organizations. This expertise allows Anthony to collaborate seamlessly with CPG's customers, leveraging his valuable insights to deliver highly tailored, end-to-end solutions that address their specific requirements.

Whether overseeing the design and construction of cutting-edge facilities or optimizing the operational efficiency of existing data centers, Anthony approaches every engagement with an unwavering commitment to excellence. He also guides enterprises through the process of scaling their mission-critical infrastructure with precision and strategic insight. His passion for enhancing the customer experience is unparalleled, and this drive has earned him the trust and respect of industry peers and clients alike.

This elevated position is a testament to Anthony's exceptional leadership capabilities, unmatched technical expertise, and steadfast dedication to driving innovation and excellence across the data center landscape. As a seasoned veteran in the field, Anthony has consistently demonstrated his ability to navigate the complexities of modern data center operations, seamlessly integrating cutting-edge technologies and best practices to optimize performance, enhance efficiency, and deliver exceptional service to the company's ever-growing client base. With a keen eye for detail and a deep understanding of the evolving demands of the industry, Anthony has been instrumental in spearheading groundbreaking initiatives that have solidified CPG Beyond's position as a strategic partner for organizations seeking reliable, scalable, and future-proof data center solutions.

In his new role, Anthony will leverage his extensive experience and forward-thinking leadership to further expand the company's reach, strengthen its competitive edge, and cultivate a culture of continuous improvement and technological advancement.
