

Security Guard Training in Tennessee Alliance Training & Testing Unveils New Website with New In-Person & Online Options

Alliance Training & Testing Unveils New Website with New Onsite Training Services at Client Hosted Locations with Service Area Pages.

Nashville, Tennessee Dec 21, 2024 (Issuewire.com) - Alliance Training and Testing, a leading provider of armed and unarmed security guard license training and certification services in Tennessee, is excited to announce the relaunch of its website **@GuardTrainingTN** guardtrainingtn.com. The revamped site features a streamlined design, enhanced functionality, and additional resources tailored for security professionals, including state-required licensing for armed and unarmed security guards.

In addition to the new website, Alliance Training and Testing is also proud to announce the launch of its new Onsite Unarmed Security Guard Training Program. This program brings the high-quality training Alliance is known for directly to businesses and organizations across Tennessee.

"We understand the challenges businesses face in efficiently training their security personnel," says Angel Rodriguez, CPP, Owner of Alliance Training and Testing. Our Onsite Unarmed Security Guard Training Program eliminates the hassle of travel and scheduling conflicts by bringing the training directly to your location. We provide all the necessary materials and expertise to ensure your team receives comprehensive, state-approved instruction."

The Onsite Unarmed Security Guard Training Program covers all aspects of unarmed security guard licensing in Tennessee.

- Legal Powers and Limitations of Security Guards.
- Observation and Reporting Techniques.
- Emergency Procedures.
- Communication and De-Escalation Skills.

And more.

This program is ideal for.

- Organizations seeking to enhance their existing security team's skills and remain compliant.
- Businesses hiring new security personnel to be compliant quickly.
- Companies with multiple security guards that need certification.
- Event security coordinators, hospitality locations, restaurants, and bars.

“We are thrilled to introduce our new website and Onsite Training Program, both designed to provide a more convenient and effective training experience for our clients,” said Angel Rodriguez. “These initiatives demonstrate our ongoing commitment to providing Tennessee's highest quality security services.”
