KILLER MOTHER

Bellaire, Texas Dec 5, 2024 ([IssueWire.com](https://www.IssueWire.com)) - Sophia Perkins' chilling novel, "[Killer Mother.](#)" is a gripping psychological thriller that explores the fine line between love, deception, and murder. Set to captivate readers from the first page, the book delves into the twisted world of Charlotte Hansen—a devoted mother with a haunting secret: she killed her husband.

In this emotionally charged story, Perkins masterfully intertwines themes of family, betrayal, and redemption. Charlotte Hansen, the seemingly perfect mother, hides a dark truth that shapes every aspect of her life. But it's her daughter, Zöe, who takes center stage as the narrator, revealing the harrowing impact of a mother's chilling actions. Through Zöe's perspective, readers are plunged into a world where the bond between mother and daughter is both unbreakable and terrifyingly toxic.

"Killer Mother" is a heart-stopping exploration of how love can bring people together or tear them apart—and in Charlotte's case, tear someone away from life itself.

Sophia Perkins recently sat down with Emmy award-winning journalist Kate Delaney on America Tonight Radio to discuss the inspiration behind her novel and the complexities of her characters. During the interview, Perkins shared her unique perspective on the hidden struggles within families and how secrets can spiral into darkness. The conversation offered listeners a glimpse into the compelling narrative of "Killer Mother" and the psychological depths it explores.
