

Dr. Jessica Crooker Celebrates Over a Decade of Dedication at Scituate Harbor Vision Source

Local Optometrist Continues a Lifelong Passion for Eye Care and Patient Wellness

New York City, New York Jan 10, 2025 (IssueWire.com) - Dr. Crooker, a native of nearby Duxbury, Massachusetts, has been a vital part of the community's eye care since joining Scituate Harbor Vision Source in October 2012. Her journey into optometry began long before her professional career; she was inspired as a young patient of Dr. Price, the founder of the practice, who instilled a lasting love for the field.

With an impressive educational background, she earned her Bachelor of Science degree in Human Physiology from Boston University, followed by a Master of Science in Clinical Exercise Physiology from Northeastern University. She culminated her academic journey with a Doctorate of Optometry from the New England College of Optometry, solidifying her commitment to providing top-notch eye care.

As a TPA Certified Optometrist in Massachusetts, Dr. Crooker is known for her compassionate approach to patient care, serving individuals across all age groups. Her specializations include contact lens fittings and addressing dry eye conditions, areas where she demonstrates both expertise and enthusiasm. "I love being able to help my patients see clearly and comfortably," she shared. "It's incredibly rewarding to make a positive impact on their daily lives."

In addition to her optometry practice, she is an active member of the Massachusetts Society of Optometrists and the American Optometric Association. Her commitment to health extends beyond eye care; she is also a certified personal trainer with the American Council on Exercise. "I believe in a holistic approach to wellness, and I often share fitness tips with my patients to encourage an active and healthy lifestyle," she stated.

Outside of her professional commitments, Dr. Crooker enjoys running, traveling, and shopping, often taking leisurely moments to recharge and explore new experiences. She remains dedicated to her community and is grateful for the trust placed in her by her patients over the years.
