

# ICATS Pakistan and Spirit of Math Partner to Bring International Spirit of Math Contest to Pakistan

For 2024-25 School Year

Toronto, Ontario Feb 3, 2025 ([IssueWire.com](http://IssueWire.com)) - [ICATS Pakistan](#) and [Spirit of Math](#) are thrilled to announce an exciting partnership that will bring the International Spirit of Math Contest to Pakistan for the 2024-25 school year.

“At Spirit of Math, we are dedicated to empowering students by introducing them to innovative and challenging ways of thinking,” said Kim Langen. “We hold ICATS Pakistan in high regard for their exceptional work in nurturing creativity, critical thinking, and resilience among their students.”

ICATS Pakistan has been a pioneer in enhancing educational opportunities in Pakistan, offering high-quality and accessible learning experiences. Their focus on innovative teaching methods and a supportive learning environment aims to instill a passion for learning and equip students with essential skills for personal and professional success. By fostering future leaders and thinkers, ICATS Pakistan is making a significant contribution to the country’s development.

“We are delighted to collaborate with Spirit of Math to bring this remarkable opportunity to students in Pakistan,” said Furqan Munir, CEO of ICATS Pakistan. “As an educator, I recognize the profound educational and inspirational benefits that the International Spirit of Math Contest can offer to children on their educational journeys.”

The partnership is one of many collaborations Spirit of Math is undertaking with international organizations to bring the International Spirit of Math Contest to every corner of the world. Competitive events such as these offer children an excellent opportunity to develop important skills such as analysis, problem solving and critical thinking. They also get the personal satisfaction (and motivational boost) of tackling and conquering some of the hardest questions.

## About ICATS Pakistan

ICATS is a non-profit organization dedicated to advancing quality and equity in education worldwide. With a strong belief in the transformative power of learning, we are committed to providing innovative and impactful educational assessment solutions. Our efforts aim to enhance teaching and learning, broaden educational opportunities, and identify the necessary talent to achieve our organizational goals. ## About Spirit of Math

For over 30 years, Spirit of Math has been an innovative leader in education for high-performing students, with more than 40 campuses across the globe. From in-person and online classes, camps and workshops to an expanding series of workbooks and training for educators, Spirit of Math is changing the equation for inquisitive minds around the world. Spirit of Math’s four elements – Core Curriculum, Drills, Problem Solving and Collaborative Group Work – form the foundation of all its programs. These building blocks are the basis of a multi-layered experience that creates well-rounded students with an intensive toolkit of skills, logical problem-solving and higher-level collaborative capabilities.
