

María Eugenia Grigioni: Empowering Children's Language Development through Innovative Therapy at Sumaq Therapy

Meeting the Unique Needs of Every Child

New York City, New York Jan 15, 2025 ([IssueWire.com](https://www.issuewire.com)) - María Eugenia Grigioni, MS, CCC-SLP, is a licensed Speech-Language Pathologist at Sumaq Therapy in Pinecrest, Florida. With a robust educational foundation from the National University of Rosario, Argentina, and over a decade of experience in pediatric care, she brings a wealth of knowledge and passion for helping children overcome language acquisition challenges.

Since relocating to the United States in 2008, she has honed her expertise in pediatric speech-language pathology, focusing on interventions that assist children facing difficulties in language development. She understands that early intervention is crucial for fostering effective communication skills, and she is committed to providing personalized therapy that meets the unique needs of each child she works with.

María Eugenia's approach to therapy is grounded in the belief that parents play a pivotal role in their children's language development. She emphasizes the importance of collaboration with families, empowering them with strategies to support their children's communication skills during everyday routines in familiar settings. This naturalistic approach not only enhances the therapy experience but also promotes lasting progress outside of clinical sessions.

In her commitment to providing the highest quality of care, she has completed specialized training with the Hanen Centre, becoming certified to lead workshops in several acclaimed programs, including It Takes Two to Talk, More Than Words, Target Word, and Learning Language and Loving It. These programs equip parents and educators with practical tools to create enriched language environments for children.

As a mother of three, María Eugenia understands firsthand the challenges and joys of parenting. She continually seeks opportunities for personal and professional growth, integrating her learning into her practice to better serve her clients and their families. Her dedication to lifelong learning ensures that she remains at the forefront of developments in speech-language pathology.
