# AgreeYa Showcases Cogent Suite at RMAi 2025, Driving Industry Excitement

**AI, Automation, and Compliance Capabilities of Cogent Suite and Services Gain Strong Interest at the Event**

**Folsom, California Feb 18, 2025 (**Issuewire.com**)** - AgreeYa Solutions, a leader in software, solutions, and services, successfully wrapped up its participation at the RMAi 2025 Annual Conference, where it showcased the Cogent suite of solutions—Cogent, CogentCollect, and CogentConnect. The strong response from attendees reaffirmed the industry's growing demand for Hyperautomation, regulatory compliance, and operational efficiency in the Accounts Receivable Management (ARM) sector.

The Cogent suite of solutions empowers collection agencies with AI-driven automation and compliance capabilities, optimizing debt collection processes while ensuring seamless consumer interactions. The suite of solutions includes:

- **Cogent –** A comprehensive collections and case management software that automates workflows and enhances operational efficiency.

- **CogentCollect –** A subscription-based SaaS solution enabling scalable and efficient debt collection for agencies of all sizes.
- **CogentConnect –** A self-service debt management portal, offering seamless repayment capabilities and improved consumer engagement.

Throughout the event, the Cogent booth saw high engagement, with visitors eager to experience live demonstrations of the Cogent suite. Industry professionals were particularly excited about Cogent's AI-powered automation and compliance capabilities, which streamline debt collection workflows, ensure continuous adherence to federal regulations, optimize resource utilization, and empower consumers with flexible digital repayment options.

*"RMAi 2025 provided an excellent platform to connect with industry professionals and highlight how the Cogent suite is transforming debt collection operations,"* said Arindam RC, Cogent Product Owner at AgreeYa. *"The enthusiastic response from attendees underscores the value of our solutions in enabling automation, improving compliance, and delivering a higher ROI for collection agencies."*

Alongside the Cogent solutions, AgreeYa also showcased its comprehensive Cogent services, designed to help organizations maximize the potential of the product. These services enable seamless implementation, AI-powered enhancements, managed services, and continuous support, ensuring businesses achieve sustained efficiency and compliance in their debt collection processes.

*"Hearing how our solutions and services are directly addressing the challenges faced by collection agencies was incredibly rewarding,"* added Arindam. *"Our commitment remains strong in helping organizations drive operational excellence, navigate compliance complexities, and future-proof their collections with AI-driven automation."*

The RMAi 2025 Annual Conference reinforced AgreeYa's position as a trusted partner for ARM organizations, equipping them with technology and services that streamline operations and improve debt collection outcomes.
