

Baby Otter Swim School Teams Up with Team USA Olympians

Mariah Denigan, Aaron Shackell, and Anna Peplowski Join Forces to Promote Water Safety and Inspire Young Swimmers

Orlando, Florida Feb 11, 2025 ([IssueWire.com](https://www.IssueWire.com)) - [Baby Otter Swim School](https://www.BabyOtterSwimSchool.com) is thrilled to announce a special partnership with three champions on the USA Swimming scene: **Mariah Denigan**, **Aaron Shackell**, and **Anna Peplowski**. By joining forces with these elite athletes, Baby Otter plans to bring renewed energy to its water safety initiatives and further nurture a love for swimming in children and adults alike.

“Our mission has always been to teach essential swim skills with a focus on safety and confidence,” says Mindy York Founder and CEO of Baby Otter Swim School. *“Teaming up with Mariah, Aaron, and Anna is an incredible way to connect our students with inspirational role models who know firsthand the dedication it takes to excel in this sport.”*

A Winning Trio

- **Mariah Denigan:** A standout distance freestyle swimmer, Mariah’s fierce determination has earned her spots on multiple international rosters for Team USA. She believes in the power of mentorship, often sharing her story of starting small and dreaming big.
- **Aaron Shackell:** Known for his strong butterfly and freestyle performances, Aaron is admired for his unwavering work ethic. He’s passionate about giving back to local communities and helping aspiring swimmers develop the confidence to dive into new challenges.
- **Anna Peplowski:** A formidable force in freestyle and backstroke, Anna’s technique and drive consistently impress. She values the foundational skills that Baby Otter instills in its students and is eager to demonstrate how every stroke can become a leap forward in personal growth.

Inspiring a Lifelong Love for Swimming

During the partnership, all three athletes will be involved in special Baby Otter swim sessions, workshops, and community events. Their visits will give students the chance to learn professional training tips, hear motivational stories, and get excited about pursuing their own goals, whether that’s swimming competitively or simply enjoying a safer, more confident experience in the water.

“When we see a child conquer a skill that once frightened them, we know we’re doing something truly meaningful,” adds Denigan. *“I’m honored to be part of a program that empowers people of all ages to embrace the water without fear.”*

About Baby Otter Swim School

Founded in 1975, Baby Otter Swim School has grown into a trusted name in swimming education, known for its proven teaching methods, passionate instructors, and unwavering commitment to water safety. As a **mobile swim school**, Baby Otter brings expert swim instruction directly to families, offering private lessons in the comfort and convenience of their own pools. From introducing infants to survival swimming to refining techniques for teens and adults, Baby Otter ensures students develop essential water safety skills that last a lifetime. With 50 years of experience saving lives, Baby Otter continues its mission to prevent drowning and promote a lifelong love of swimming—one lesson at a time.
