

Barbecue Company Makes Students Smarter

Columbia South Carolina BBQ Company has a flavor for education and it goes on EVERYTHING!

Columbia, South Carolina Feb 3, 2025 ([IssueWire.com](https://www.IssueWire.com)) - Bub 'n Mutha's, Inc., is proud to announce that it has started a Kickstarter event to put the final touches on a brand-new flavor that will benefit students looking beyond high school. The rub is an all-purpose, goes on everything blended in limited edition large bottles.

John Fuhrman, founder of Bub 'n Mutha's states, "This blend is in honor of my baby brother, who, up until the day he passed was focused on helping his kids succeed. A teacher for over 35 years, as well as an assistant college football coach, he worked with kids who may leave school to work to raise money to support the family. He tirelessly searched for employers looking for hard working kids and who were willing to schedule their work-time so they would still be able to attend class and graduate."

Fuhrman continues, "At his service, countless young men and women paid their respects and shared how his program was the difference in their career success. I met police officers, first responders, plumbers, and others who worked in the trades." All credited my brother for their careers."

Bub 'n Mutha's is a Veteran owned gourmet dry rub company that relocated the entire company to the Midlands with a facility in Columbia. Bub 'n Mutha's has a Kickstarter page (<https://www.kickstarter.com/projects/bubnmuthas/uncle-grumpys-grub-rub>) to raise funds to produce and sell the rubs. The goal is to begin a scholarship to give students a boost toward their post high school careers and training.
