

Lori Anderson, DO: Dedicated Pathologist at St. John's Riverside Hospital in Woodcliff Lake, NJ

Making a Positive Impact on the Lives of Many

New York City, New York Feb 12, 2025 ([IssueWire.com](https://www.IssueWire.com)) - St. John's Riverside Hospital is proud to highlight the ongoing contributions of Dr. Lori Anderson, a skilled pathologist whose expertise plays a critical role in patient care at our Woodcliff Lake facility. With a strong focus on the study of bodily fluids and tissues, Dr. Anderson is committed to providing accurate diagnoses that guide treatment decisions for patients throughout the community.

Dr. Anderson specializes in pathology, a branch of medicine that involves the examination of tissues, organs, and bodily fluids to diagnose diseases. Her work is vital in assisting primary care physicians in determining the nature of various medical conditions. From conducting tissue biopsies to identify cancerous cells, to performing genetic testing and comprehensive laboratory analyses, Dr. Anderson's skills are invaluable in the healthcare continuum.

In addition to her diagnostic expertise, Dr. Anderson is trained to conduct autopsies, which can provide crucial insights into the causes of death and the genetic progression of diseases. This aspect of her work not only aids in understanding individual patient cases but also contributes to broader medical knowledge and advancements in disease prevention and treatment.

Dr. Anderson completed her medical education at Rowan University School of Osteopathic Medicine, where she developed a strong foundation in the principles of medicine. She further honed her expertise during her residency at Northwell Health, followed by a fellowship at LAC-USC Medical Center. Her extensive training has equipped her with the knowledge and skills necessary to excel in the demanding field of pathology.

As a member of the College of American Pathologists, Dr. Anderson stays at the forefront of her profession, engaging with the latest research and developments in pathology. Her commitment to professional growth ensures that she remains a leading figure in her field, delivering the highest quality of care to her patients.
