| ESB Purchase Price: | \$405,000 ? |
| NYSBIP School Bus Voucher Incentive: | -\$265,250 ? |
| Out-of-Pocket Expense: | \$139,750 ? |

Smithtown, New York Feb 6, 2025 ([IssueWire.com](https://www.issuewire.com)) - Spectivate LLC is pleased to announce the launch of the **New York School Bus Incentive Program (NYSBIP) Calculator**, an innovative, web-based tool designed to help school districts, school bus operators, and other stakeholders determine eligibility for incentives through NYSBIP, administered by the New York State Energy Research Development Authority

“At Spectivate, we are committed to helping school districts and other organizations transition to zero-emission vehicles efficiently and with confidence,” **said Michael Backman, president of Spectivate.** “The NYSBIP Calculator is designed to empower school districts and operators to quickly estimate their eligibility and access to New York State program funding that supports cleaner, quieter, and more efficient transportation for students.”

Doreen M. Harris, President and CEO, NYSERDA said, “The New York School Bus Incentive Program Calculator is an important resource for understanding the benefits that can be realized by participating in the program. NYSERDA is proud to collaborate with Spectivate to provide this innovative tool that will help school districts plan for and adopt electric buses as part of their transition to providing students with healthier rides to and from school.”

A Free and Comprehensive Online Tool

The [NYSBIP Calculator](#), accessible free of charge, simplifies the process of estimating incentive eligibility and potential benefits. The tool features:

- **Single Bus Voucher Calculator** – For calculating the incentive amount for individual Electric School Buses.
- **Fleetwide Caps Calculator** – To understand program limits for entire school districts.
- **Charging Voucher Calculator** – To determine eligibility for charging infrastructure incentives.
- **Stacking Calculator** – To demonstrate how NYSBIP incentives can be combined with other programs like EPA or Make-Ready incentives.

The calculator also provides a browsable list of NYSBIP-approved electric school buses, extensive help features, and the ability to generate printable reports for users' records.

The calculator can be accessed at www.spectivate.com/new-york-school-bus-incentive-program

About Spectivate LLC

Spectivate LLC specializes in consulting and technology services, helping businesses navigate advanced vehicle technologies, B2B operations, and market entry strategies. By combining pragmatic approaches with hands-on execution, Spectivate serves industries such as automotive, truck and bus manufacturing, industrial automation, and complex B2B products.
