

Beyond Intranet Helps Businesses See the Big Picture with Power BI Consulting

Chicago, Illinois Mar 4, 2025 ([IssueWire.com](https://www.IssueWire.com)) - Companies need to understand their data to make good decisions. Beyond Intranet, a part of Beyond Key, is helping businesses turn their data into clear visuals with its [Power BI consulting services](#).

"It's hard to know what's happening in your business if you can't see your data," says Cassandra Ottawa, Client Partner at Beyond Key and Beyond Intranet. "Power BI lets you [create dashboards](#) and reports that show you what's important, and we help companies get the most out of it."

Here's how Beyond Intranet can help with Power BI

- **Make Pictures of Your Data:** Create dashboards to see your key numbers.
- **Get Reports:** Design reports to answer your questions.
- **Connect Your Data:** Bring data from different places together.
- **Learn How to Use It:** Get training on Power BI.
- **Use It with Other Tools:** Connect Power BI with things like Excel and Teams.

Why Choose Beyond Intranet for Power BI?

- **Experience:** Over 20 years in business intelligence.
- **Full Assessment:** We check what you need for Power BI.
- **Clear Strategy:** We help you plan how to use Power BI.
- **Friendly Team:** Easy to work with.
- **Fast Delivery:** We get the project done quickly.

Beyond Intranet's Power BI Services Include:

- **Planning and Consultation:** Figuring out what you need from Power BI.
- **Designing and Visualization:** Creating charts and dashboards.
- **Development and Implementation:** Setting up Power BI.
- **Integration:** Connecting Power BI with other systems.
- **Quality Analysis and Support:** Making sure Power BI is working well.

"We love helping our clients use Microsoft solutions to make their businesses better," says Cassandra

Ottawa. "Power BI is a great way to see your data and make smarter choices."
