

# Donald J. Trump Called to Champion AI Revolution in Education and Cement America's Leadership in Ethical AI

**Pete Kessler Calls on President Donald J. Trump to Lead the Charge with His Polyglot Multilingual Educator MDP-Based AI Teaching Robot and SAAS (PEI), Changing Education for the Better Forever!**

**Los Angeles, California Mar 4, 2025 ([IssueWire.com](https://www.IssueWire.com))** - With the future of America's education system at stake and the global race for AI dominance accelerating, **entrepreneur, AI-driven education pioneer, and visionary innovator Pete Kessler—professionally known as Pete Warner—is calling on President Donald J. Trump to spearhead a historic transformation in learning by championing the integration of ethical AI into education.**

Kessler's groundbreaking "Patent Pending" invention, **The Polyglot Multilingual Educator MDP-Based AI Teaching Robot and SAAS - (PEI)**, is poised to revolutionize the way students learn—equipping **all learners, young and old, neurotypical and neurodivergent, with the tools to excel in an evolving world economy.** This initiative not only secures America's leadership in ethical artificial intelligence but ensures that **every individual, regardless of background or ability, has the opportunity to reach their full potential.**

## **A Game-Changer for Education, Economy, and National Security**

**The Polyglot Educator Initiative (PEI)** is not just another AI tool—it is **a revolutionary system that will redefine learning and workforce readiness, ensuring future generations are prepared for a technology-driven global economy.** Its capabilities include:

- Personalized learning tailored to each student.**
- Multilingual accessibility for global reach.**
- Adaptive curriculum to meet evolving workforce demands.**

Kessler has **the schematics in hand and is ready to present this groundbreaking innovation.** However, to bring this vision to reality, he is requesting **\$85 million in U.S. government funding**—a necessary investment to ensure America leads the AI-driven education revolution.

## **A Meeting with Decision-Makers: The Time Is Now**

To turn this vision into action, **Kessler is requesting an immediate meeting with President Donald J. Trump, tech visionary Elon Musk, and key U.S. government decision-makers.** Their leadership will be the catalyst for ensuring this initiative **is built, deployed, and led by American innovation.**

## **Global Impact, American Leadership**

While PEI is designed to transform **education in the United States, its impact will reach far beyond national borders.** By positioning the U.S. as the pioneer in **AI-driven learning, ethical AI governance, and future workforce preparation,** this project will solidify America's role as the global architect of AI-powered education.

## **A Call to Action for Trump and Musk**

**President Trump has the historic opportunity to redefine education, secure workforce competitiveness, and establish America's dominance in ethical AI innovation. By aligning with Elon Musk and Pete Kessler**—an innovator driven by a deep passion for education and a relentless commitment to serving his country—this initiative will forge an unprecedented partnership between government, technology, and education, ensuring AI serves humanity while maintaining strict ethical oversight.

**"The time is now," says Kessler. This is more than a project—it's a movement.** President Trump, Elon Musk, and the U.S. Government **have the power to make this a reality, changing the future of education and securing America's dominance in AI innovation.** We stand at the crossroads of history, and the choice is clear: **"Lead the way, or be left behind,"** Kessler continues. **"I am ready to serve my country by bringing the Polyglot Multilingual Educator MDP-Based AI Teaching Robot and SAAS to life."**
