

## Wemoter & Cadnetics Announce Partnership

Wemoter and Cadnetics partner, delivering Services and Staffing in the A/E/C Industry for Reality Capture, Digital Design and BIM.

**Pittsburgh, Pennsylvania Mar 5, 2025 ([IssueWire.com](https://www.issuewire.com))** - Wemoter and Cadnetics are joining forces to revolutionize workforce solutions in the A/E/C industry. This strategic partnership creates a seamless, single trusted source for firms seeking expert staffing and/or project based support, optimizing project execution and filling the talent gap for Designers and Builders.

“With this partnership, we are taking project support to another level, providing firms with an integrated solution that enhances both quality and efficiency,” said **James Mauler, CEO of Cadnetics**. “By combining Cadnetics’ proven technical expertise with Wemoter’s robust staffing solutions, we are empowering A/E/C firms to streamline their operations while maintaining the highest standards.”

**Micaela F. Socci, COO of Wemoter**, added, “Our collaboration with Cadnetics allows us to bridge the gap between world-class talent and firms in need of scalable, reliable workforce solutions. Together, we are not just filling roles—we are delivering a strategic advantage that fosters innovation and long-term success.”

**Cadnetics** was born from the hard-working ethos of Pittsburgh more than 30 years ago, becoming a trusted U.S. based provider of Reality Capture/Laser Scanning, Design Drafting/Modeling, Virtual Construction and BIM, Visualization, Facility Management, and Training. Their expertise allows firms to enhance capabilities and/or increase capacity on demand, without the overhead of expanding or building in-house teams.

**Wemoter** specializes in international A/E/C talent acquisition, connecting U.S. firms with top-tier professionals from Latin America. Offering full-time, part-time, and flex-time roles, Wemoter enables firms to scale efficiently while ensuring compliance and seamless workforce integration.

By combining Cadnetics’ technical excellence with Wemoter’s staffing expertise, this partnership

eliminates hiring complexities and enhances project capacity. A/E/C firms now have a single, reliable solution to access specialized talent and advanced project support, driving innovation and productivity.
